## Click on "Upload/Download" Option

The screenshot shows the Yahoo! Small Business Merchant Professional interface. At the top, there is a navigation bar with "Merchant Professional" and "Manage My Services". Below this, the "Catalog Manager" section is active, with sub-tabs for "Products", "Inventory", "Upload/Download", and "Publish". The "Upload/Download" tab is selected, and a "Download" button is visible in the top right corner of the content area.

**Upload/Download**

Click "Upload" to upload a spreadsheet containing revisions to your items. Once you have uploaded your spreadsheet and addressed any critical errors, click "Commit" to apply your changes to the database. (When the "Revert" button is active, you may revert to the last saved version of your catalog.) Click "Download" to download a spreadsheet containing your existing item information.

Upload   Commit   Revert   Download

# Please Click on “Publish Options” Enter Your Product ID in “Publish Individual Pages” Section.

## Publish Options

[Publish](#) [Schedule](#) [Notifications](#)

**Publish Changes (Recommended)**

Publish changes to pages that were edited since your last publish. In some cases a full publish may be required.

[Advanced](#)

**Publish All**

Publish all pages.

**Publish Individual Pages.**

Publish pages of your choice. Enter page IDs separated by spaces in the box below. This option allows you to make quick changes to pages you specify, independently of the rest of your storefront. Up to 100 individual pages can be published at any given time. If you exceed this limit a full publish will be required. For more information see [this help page](#).

Page IDs

You currently have 2 of 100 individual pages published.
